KODABOW Crossbows

Ausbow Industries is proud to announce the arrival of the Australian version KODABOW KODA-EXPRESS AUSTRALIAN VERSION crossbow to add to our range of quality crossbows.

The KODA-EXPRESS is a 185 lb draw weight (200 lb also available) crossbow with an attractive combination of speed, weight and ease of use. Easier to span than heavier weight crossbows but still delivering plenty of energy down range. Key benefits include good ballistics profiles, bright optical image and fast arrow speeds. Quiet and dependable. Modular core platform provides additional accessory mounting positions.
